No. 352/DGP-Res

Dated 24/03/2020

To

All Dist Ss.P./DCsP, Cuttack/Bhubaneswar/All Range DIsG/
IsG/CP, Cuttack-Bhubaneswar.

Sub: Free movement of Doctors, Nurses and other Health personnel
working in Hospitals (both Govt. and private) during lockdown.

Doctors, Nurses and other health care personnel are crucial for
society in general, more so in current scenario. Because of lack of capacity
and other constraints pass system during lockdown is yet not robust. We are
working to develop a web-based system of passes for all exempted category.

Since a web based system will take time to develop and stabilize,
doctors, nurses and health care workers employed in Govt. as well as private
hospitals should be allowed to move during lockdown till 27.3.2020 in their
vehicles on showing their Identity card which has Name, Designation and
Photograph, issued by the Govt. or Private Hospital.

This may be circulated to all police stations and field officers
immediately for compliance.

Director General of Police
