D.O. Letter No. 13757 /ACSHFW, Dated 07-05-2021

Dear Sir,

Subject: Urgent setting up of PSA oxygen generation plants tendered by Central Medical Services Society in Odisha.

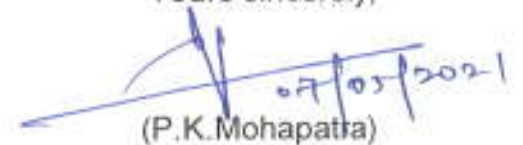

We are given to understand that Central Medical Services Society (CMSS) had appointed M/s Absstem Technologies for supply, installation, testing and commissioning of 7 PSA Oxygen generation plants at various public health facilities in Odisha.

In view of the COVID-19 situation, it is extremely critical that these plants are set up urgently. It is requested that CMSS may please pursue M/s Absstem Technologies to commission these plants immediately. The State Government may kindly be informed on the expected date of commissioning of the plants. The sites identified for these locations are in complete readiness since a long time as per the requirements.

Early direction from your office in this regard to the concerned will be deeply appreciated.

With best wishes

Yours sincerely,

(P.K.Mohapatra)

Shri Rajesh Bhushan, IAS
Secretary,
Ministry of Health & Family Welfare
Government of India
