

National Training of Trainers for

**C**  **VID-19**

6 March 2020 | New Delhi

# Training Objectives

# Training Objectives

1. Sensitize Trainers from central government institutions/ States/ UTs on COVID-19.
2. Explain the strategic approach for managing COVID-19.
3. Describe the key interventions aligned with the strategic approach.
4. Demonstrate and practice important skills required for implementing the interventions.
5. Plan for scale up of similar trainings at state/district level

# Training Objective 1

## **Sensitize Trainers from Central Government Institutions / States/ UTs about Novel Coronavirus Disease ( COVID-19)**

- COVID-19 is a new disease, that is fast spreading globally and still there are several critical unknowns.
- understand the key aspects related to the disease emergence, epidemiology, and how to contain further spread in the country.
- Fill the knowledge gaps
- Practice the important skills.

# Training Objective 2

## **Explain the strategic approach for managing COVID-19**

India will be following a scenario based approach to manage COVID-19. The strategic approach to each of these scenarios will be explained.

- Travel related case reported in India
- Local transmission of COVID-19
- Community Transmission of COVID-19 disease
- India becomes endemic for COVID-19

# Training Objective 3

**Describe the key interventions aligned with the strategic approach.**

- Surveillance ( including at Points of Entry)
- Contact Tracing
- Laboratory surveillance
- Infection Prevention and Control (IPC)
- Clinical Case Management
- Risk Communications and Community Engagement

# Training Objective 4

**Demonstrate and practice important skills required for implementing the interventions.....**

1. Infection prevention control practices
2. Donning and doffing of PPEs
3. Sample collection, packaging and transportation

# Training Objective 5

## **Plan for scale up of similar trainings at state/district level**

- The trainers for the National workshop, are expected to carry forward the knowledge and skills gained through this National ToT, for further cascade of trainings at state and district level.
- This needs to be much more comprehensively done at sub-national level, involving all key stakeholders ( including the private sector), who are going to play a critical role if a COVID-19 outbreak occurs.

Ministry of Health & Family Welfare  
Government of India

**Thank you**
